Dear Parent / Guardian,

Monday 29th January 2018

As part of a sustainable travel schools programme running across the Isle of Wight there is an opportunity for your child to take part in a scooter activity during PE lessons in school time. The Scootability programme will be on the playground and on the pavements and pedestrian crossing just outside school. The activity session will be run by Wight Cycle Training on the following **Thursday P.E. lessons - 1st and 8th February 2018.**

Please note that it will be your responsibility to supply your child with a scooter that is in good mechanical order (e.g. brakes work and tyres inflated). Your child is also required to wear a helmet that has a CE (EN1078) safety mark and fits them well. All scooters and helmets will undergo a quick safety check before the practical session commences. If the scooter or helmet isn't fit for purpose then your child will not be able to participate. Guidance for checking scooters and helmet fit is available online. Note: Scooter checks are often referred to as L-Checks.

Scootering can be a strenuous activity. Therefore please make us aware of any medical conditions that could be effected by cycling. E.g. Asthma.

For your child to be able to participate in this activity please complete the permission slip below and return it to your class teacher.

Kind regards
Nicky Metcalf
Wight Cycle Training Schools Officer
