

Continuing to learn a second language  
 Participating in Peter Murray's visit and asking questions about being an author  
 Planning investigations in Science  
 Applying Mathematics knowledge to problem solving  
 Using success criteria effectively to produce quality writing -appropriate to audience and purpose

Exploring the values Patience, Unity, Love  
 Reflecting further on how to keep myself safe online through participation in Safer Internet Day  
 Making choices about books I want to read from the class library and making good use of independent reading time to further my reading skills and enjoyment

Continuing to learn a second language -including reading and understanding a simple story  
 Creating art work in the style of Peter Thorpe  
 Taking part in competitive activities organised by the PE team  
 Applying my knowledge to problem-solving activities and investigations  
 Posing questions relating to my learning and deciding upon the best way to investigate them

## Learning Principles Overview Spring 1 Year 5

Learning about beliefs in Islam  
 Thinking about our role as 'guardians of the planet' and how we as individuals can make a difference.  
 Discussing and debating -listening carefully to others with different viewpoints  
 Appreciating the value of helping one another - exploring what a helpful learning dialogue looks like

Contributing my own ideas about how to improve our classroom environment  
 Being instrumental in the introduction of a 'Worry Box' and 'Daily Feelings Board'  
 Continuing to learn to communicate in Spanish - including playing new games
