

ENGLISH

Grammar and Punctuation

Your child will be bringing home their own **CGP book**, which the school has purchased for them. Each week we will pick out activities with the main emphasis being to revise areas of learning and build new understanding.

Spelling

Each child will work on learning an appropriate set of spellings, which will be tested on a weekly basis.

Reading

Please encourage your child to read at home on a daily basis. On a Thursday, children will be able to select a book from the school library in order to support this aim.

Art Can you draw/paint/make a model of the Rainbow Snake from Aboriginal mythology?

HOME LEARNING GRID

In addition to the weekly learning set in Maths and English, this homework grid contains a variety of other tasks, supporting children's learning across the curriculum. Your child can select from these tasks but is expected to complete a minimum of one per week. For some of the tasks there are prepared templates and these will be shared with you electronically

History and DT (templates provided)

- Make your own mummy pencil case.
- Make your own Mehen board.
- Make your own Tutankhamun mask.
- Make your own Egyptian flat bread.

Science

- Make a representation of the Water Cycle (eg a drawing/collage/model).
- Collect examples of evaporation and condensation in the home.

MATHS

Your child will be bringing home their own **CGP book**, which the school has purchased for them. Each week we will pick out activities with the main emphasis being to both revise areas of learning and build new understanding. This will be checked up on in class each week.

Times Tables

Your child will be expected to continue working on their times tables at home to improve speed and accuracy and we will monitor their progress in school.

Geography

- Learn the names of eight countries in Europe and their capital cities.
- Sketch a map of the British Isles.

Ocean Guardians Create a poster/power point about why we need to protect our oceans.
