

- ✓ Some of us auditioned for the KS2 performance of 'The Lion King'. We learned lines and then delivered them in front of Mrs Feist and Mr Parkin.
- ✓ We are learning some of 'The Lion King' songs as part of our homework on Seesaw.

- ✓ In Science, we designed and carried out investigations into the effect of exercise on the body. We learned how to take our pulse which we used as a measure of the effect of our chosen exercise. We also learned how the circulatory and digestive systems are connected and the importance of healthy choices on both systems.

- ✓ We took part in the UKSA's Test the Water programme! Despite the weather, we enjoyed being out on the water!
- ✓ On International Women's Day, we looked at the lives of women who overcame prejudice to make significant contributions to their societies; we discussed the importance of resilience.

## Learning Principles Overview Spring 2 Year 6

- ✓ During our R.E. day, we focused on the key Christian belief in the Resurrection. We held a respectful debate about the following statement: *People who believe in the afterlife, are likely to behave better in the earthly lives.*

- ✓ We took part in Comic Relief's Red Nose Day! We dressed in red and made a donation towards Comic Relief's work on life-changing projects in the UK and around the world!
